

A GREAT LIFE STARTS WITH A GREAT HOME

## WE BELIEVE IN PERFECTION

Perfection exists.  
It is something you can feel.  
It is something we can build.

Over the past 25 years, this belief has driven our work. To this day, we are proud to say that we specialize in making our client's dreams come true.

As developers and builders, we have our own team of designers and technicians who combine their experience to obtain an optimal result in each architectural project.

Our impressive villas summarize the tastes and needs of our clients. In harmony with avant-garde design elements, all backed by the latest technologies and the highest energy efficiency with sustainability in mind.

# YOUR PLACE IN THE SUN

Imagine your dream life.  
A life full of sunshine.  
A life full of joy

## Nueva Andalucia : a haven of peace and tranquility in the heart of Marbella

In Nueva Andalucia, the emphasis is on peaceful residential living. The Costa del Sol community is located in a secluded area within walking distance of the renowned Puerto Banus and within a 10-minute drive of Marbella and San Pedro de Alcantara, meaning it is perfect for anyone who wants a more peaceful life close to the beach.

There are also shops and restaurants on-site, as well as services, such as medical centres, banks, and businesses. You do not have to travel for amenities since Nueva Andalucia has them all for you. As well as being an excellent location for enjoying spectacular views of the Mediterranean and beyond, it also provides an excellent base for exploring the Costa del Sol and Malaga city center which includes museums such as the Picasso, the Thyssen, the Pompidou, the Contemporary Art Center (CAC) and the Russian Museum.

Many families are attracted to the high quality education on site, with Aloha College, one of the best recognized international colleges; retirees find an ideal haven, as do famous celebrities seeking anonymity.

Golfers have no fewer than five excellent courses nearby, and there are several sports clubs.

Take full advantage of this amazing location as there are around 320 days of sunshine a year, with sunny skies even in winter. As a result of the Sierra Blanca mountains, the area is protected from cold winds in the winter and hot breezes in the summer.

Choosing Nueva Andalucia as a residence, is a success in every way.
